Cut out, colour in and glue the events icons below onto your planner to map out each day. Why not draw your own key activity icons using the blank shapes on page 3?

Here's an idea!
Make your routine re-usable and adaptable by sticky-tacking the events down and writing your timings in pencil. That way, if your day changes, your reading routine is more flexible!

Make sure you also make time for your own interests, hobbies and spending time together!
