

Happy World Book Day - Thursday 7 March

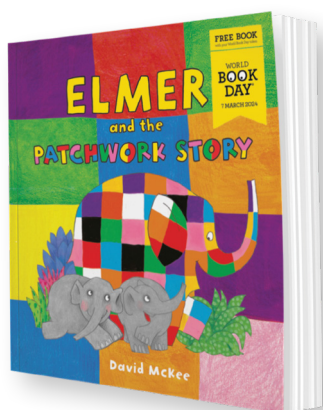

Make your World Book Day happen

A big World Book Day welcome

Share your children's favourite stories on the way in.

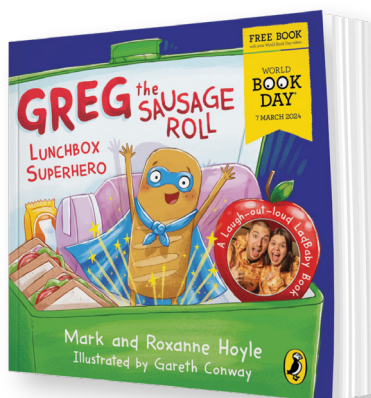

Set up your provision

In the garden

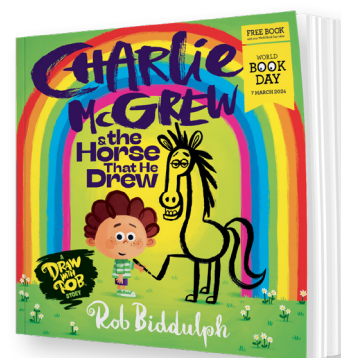

Play story hide and seek. Hide objects relating to a story that you know or the illustrations from a story around the garden or room. When you've found all the objects share the story together.

In your home corner/ role play area

Create a food character to share your day with – stick eyes on some of your play food and spend the day together.

In your creative area

Invite children to draw, paint or make a character they would like to be in a story. You could display illustrations from the children's favourite books to inspire them.

Our low cost dressing-up resources have some templates for each character for your creative area.
