TO MAKE

Supertato's body

YOU WILL NEED:

- ✓ White or cream, black, red and yellow cardboard
- ✓ Black felt tip
- ✓ Scissors
- ✓ Strong glue
- ✓ Strong tape (like parcel tape)
- ✓ Stapler
- ✓ Hole punch
- ✓ Belt template

1. Draw a large circle on to some cardboard, then elongate the circle a bit at one end, so it looks more like a potato. Draw round the first shape on to a second piece of cardboard to make the back of the *Supertato* costume, so you have two pieces the same size and shape.

2. Make two 4cm wide straps (and however long you need them to be). With strong tape, attach each strap to the back of the *Supertato* 'front' board at each side, then attach the 'back' board to each of these straps. Hold in place with strong tape.

3. To make the belt buckle, use the **belt template** and colour in as shown. If you're confident, you can do this free-hand. Attach the belt buckle to the centre of the body with glue or tape and, with the black pen, draw the belt running round each side of the body. Colour it in black.
