

# Make a PERCY JACKSON SHIELD

## YOU WILL NEED:

- ✓ Very thick cardboard or box card
- ✓ Gold paint & paintbrush
- ✓ Pencil
- ✓ Thick brown felt pen
- ✓ Scissors
- ✓ Glue/double-sided tape
- ✓ Downloadable shield template
- ✓ Downloadable decoration template

1. Draw round something large and circular (or use a compass) to draw a circle on to the thick cardboard. Cut this out. Cut a 26 x 11 cm piece of box card to use on the back of the shield to hold it.

2. Draw around the **decoration template** (the star and star centre) on to thick cardboard. Glue the star and star centre together, and then both of them on to the shield.

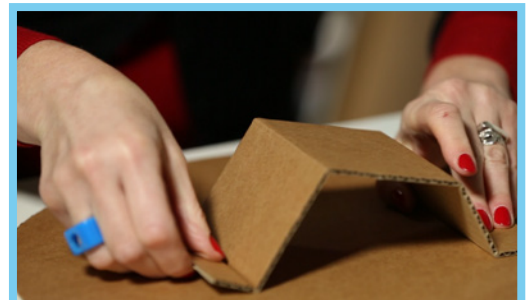

3. Paint the shield gold.

4. When the shield is dry, add the detail. Use the **decoration template** of the head and draw over the top of it to make an imprint into the card, then you can draw over it in brown pen. You don't have to use the Percy Jackson design – feel free to get creative with your own patterns!

5. Attach the long piece of card (from step 1) to the back of the shield with tape, so you can hold it.

Add your favourite Percy Jackson book, a hoodie and some Converse and you're done!
